DETAILED ACTION

Election/Restrictions

1. Claims 1, 3-6, 8, 14-27 and 31 allowable. The restriction requirement among species, as set forth in the Office action mailed on 09/19/08, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim. **Claims 9-13**, directed to another species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Thus, claims 9-13 are hereby rejoined and fully examined for patentability.

2. Claims 1, 3-6, 8, 14-27 and 31 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), **claims 28-30**, are directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 09/19/08 is hereby withdrawn**. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction

Art Unit: 1795

requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: the applicant's reply explicitly presents reasons why the instant claims are patentable over the prior art of record. Refer to the amendment dated 11/19/09 for additional information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raymond Alejandro whose telephone number is (571) 272-1282. The examiner can normally be reached on Monday-Thursday (8:00 am - 6:30 pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dah-wei Yuan can be reached on (571) 272-1295. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
